

Strafford Webinar: Data Protection in Cloud Computing Agreements: Allocating Risk, Interplay With Other Terms, Managing Compliance

06.27.2018

John Eustice will speak on the Strafford webinar, "Data Protection in Cloud Computing Agreements: Allocating Risk, Interplay With Other Terms, Managing Compliance," on June 27, 2018. The webinar will explore the myriad issues associated with data protection provisions in cloud computing agreements, including issue-spotting, key provisions for inclusion, and practical considerations for crafting data protection measures across different cloud applications.
