

ERISA: Department of Labor Investigations, Enforcement, and Litigation

Bloomberg BNA
09.21.2018

Miller & Chevalier Chartered proudly announces the publication of ERISA: Department of Labor Investigations, Enforcement, and Litigation, authored by Theresa S. (Tess) Gee. Plan sponsors, fiduciaries, and service providers now have a single, cohesive resource to assist them in navigating the Department of Labor's (DOL) regulations and guidance, enforcement priorities, litigation positions, and views advocated through its amicus curiae briefs in the U.S. Supreme Court and the Courts of Appeals. Tess has extensive first-hand experience with DOL based both on her insider knowledge representing DOL, including serving as Deputy Associate Solicitor in the division responsible for ERISA litigation and advice, and outside DOL, advising and representing clients in DOL investigations, enforcement actions, and litigation brought by DOL. Tess is the Chair of the Firm's Employee Benefits Department and ERISA practice group.
