

Jason Workmaster Interviewed on "Federal Drive with Tom Temin" on Federal News Network

"Ban on Chinese Made Telecom Equipment Starts Soon"

Federal News Network: Federal Drive with Tom Temin

07.20.2020

In this interview, Jason Workmaster provided his analysis and insight regarding the Federal Acquisition Regulation Interim Rule that goes into effect on August 13, banning the use of certain Chinese telecommunications technologies. Workmaster discussed the details of the new rule, the compliance burdens government contractors may face, and current legislative activity which seeks to amend the ban.
