

PLI Webinar: FCPA Issue Spotting in the Telecommunications Industry

07.12.2021

William Barry and Gregory Bates will present the Practising Law Institute (PLI) webinar, "[FCPA Issue Spotting in the Telecommunications Industry](#)," on July 12, 2021. This presentation will focus on how to identify bribery and corruption red flags in the telecommunications industry. Barry and Bates will discuss the antibribery and accounting provisions in the Foreign Corrupt Practices Act as well as enforcement actions brought against telecommunications companies. They will also discuss practical ways to mitigate and address red flags through effective compliance programming.
