

## Webinar: Loose Lips Sink Ships: A Tutorial for GovCon Compliance with U.S. Export Controls Laws

**06.29.2021**

Miller & Chevalier and Dixon Hughes Goodman will present the webinar, "[Loose Lips Sink Ships: A Tutorial for GovCon Compliance with U.S. Export Controls Laws](#)," on Tuesday, June 29, 2021.

Bill Walter, Dixon Hughes Goodman and Timothy O'Toole, Brian Fleming,\* and Alex Sarria from Miller & Chevalier will discuss export controls laws that could apply to government contractors – even those who do not physically export their products overseas. This webinar will cover export controls laws, such as the International Trafficking In Arms Regulations (ITAR) and the Export Administration Regulations (EAR), that generally govern exports of defense articles, defense services, technical data, and other U.S. origin goods and services. The speakers will also review relevant case studies based on actual events that highlight common mistakes in this area and how to avoid them.
